

Northwest 14th Street Reconstruction Project Fact Sheet

Updated: June 29, 2011

The Miami Intermodal Center (MIC) will provide **connectivity** where none existed, between the transportation systems in Palm Beach County, Fort Lauderdale, Miami and the Florida Keys, for residents and visitors. It is already **decongesting** the roadways in and around the busy airport. When completed, the MIC will be similar to New York's Grand Central Station and other multimodal facilities that can be found in many world-class cities, offering easy connections to several forms of transportation.

The MIC consists of five components and is scheduled for completion by 2013. The MIC Roadways Program was developed to provide direct, enhanced connections to and from nearby expressways (SR 836 and SR 112) and the local roads serving the Rental Car Center (RCC), the Miami Central Station (MCS) and Miami International Airport (MIA). All roadway improvements have already been completed in order to ensure safe and efficient access to the area for businesses and the traveling public while the MIC is under construction. **The reconstruction of NW 14 Street has been completed and was done to alleviate flooding and drainage problems and improve the flow of traffic along this widely traveled roadway.**

BEFORE

AFTER

Project Limits:

- NW 14 Street between NW 34 Avenue and NW 42 Court

Construction Start / End Date:

- July 8, 2003 / March 12, 2004

Project Benefits:

During heavy rains, this road was known to have severe flooding issues. Milling and resurfacing as well as drainage improvements are alleviating those conditions along this very congested corridor and improving traffic flow in the area.

Scope of Work:

- Reconstruction, milling and resurfacing of NW 14 Street between NW 34 Avenue and NW 42 Court on a one-mile stretch of roadway paralleling SR 836 (Dolphin Expressway)
- Drainage, sidewalk, curb and gutter construction
- Pump station at NW 37 Avenue
- Signalization improvements at NW 14 Street intersections with NW 42 and NW 37 Avenues
- Lighting improvements along NW 14 Street
- Intelligent Transportation System underground construction along NW 14 Street
- Landscaping along NW 14 Street
